The activities offered at MacSailing are designed to pose appropriate challenges for participants. The enjoyment and educational benefit derived from outdoor activities is, in part, a result of risks inherent in these activities. The benefits of participation include developing self-confidence, leadership, teamwork and interpersonal skills, exposure to outdoor recreation activities, and nature education. While MacSailing strives to manage risk, it is neither possible nor desirable to eliminate all risk.

In consideration in allowing me/my minor child to participate in any MacSailing program, event and activity, I understand that:

- MacSailing offers outdoor activities which include, but are not limited to: sailing; stand up paddle boarding; kayaking; cruising and instructional courses.
- Outdoor activities include inherent risks that may be different or greater than those risks normally assumed at home, work or school. These risks include but are not limited to- slipping; insect or animal bites; immersion in cold water; hypothermia (cold exposure); hyperthermia (heat exposure); uneven terrain; unpredictability of weather and ocean conditions; psychological and physical reaction to extreme natural forces and conditions; collision with exposed or unexposed hazards including vessels; loss or damage of personal property; injury; permanent disability; or fatality.
- Communication and emergency response times may be significantly longer than in urban settings.
- I may contact MacSailing in advance if I have questions about the risks described above or pertaining to any other aspect of the program.
